WINTER SAFETY

The temperature may be changing and soon we will see leaves, snow, and all the fun activities associated with fall and winter seasons. We want to take the time to remind you of a few things you can do to protect you and your family this winter season with some safety and problem preventative tips.

SAFE DRIVING

From trick or treat to holiday break, children are out and about in our communities with the weather changing. Talk with your neighbors, and especially your teen drivers, about the importance of slowing down and

staying alert when driving in and around the communities.

- Make sure your tires are ready for winter.
 Check your tread and air pressure in your tires for peak efficiency and traction.
- Keep your gas tank at least half full, but never let your tank get below quarter tank in freezing weather.
- Brake and excel slowly! Sudden pushes on the gas and brake can cause you to lose control in slippery weather.
- Expect the unexpected. Kids at play won't always stop to look when chasing a pet or a ball. Assume they don't see or hear you coming.
- Always remember: DON'T TEXT AND DRIVE

PREPARE FOR WINTER WEATHER

Don't wait until it's too late!
Winter weather will quickly
approach and make sure you
are prepared to commute safely
without the hazards of slips and trips.

- Get your shovels early! Be prepared to shovel your sidewalks and driveway when winter weather hits.
 Keep these surfaces with as much traction as possible.
- Stay prepared for long away trips. Keep emergency products in your car such as a blanket, water, brush, and ice scraper. Always inform your community office of extended away time and get a volunteer to watch your home.
- Keep emergency food storage ready at home. You never know when school or post may be closed due to weather.
 Keep extra food available for unexpected snow days. Stay inside as much as possible when weather gets harsh.

NO TIME TO CHILL

Cooler temperatures can cause issues in your home if not taken care of before Old Man Winter sets in. Here are a few things you and our team can do to make sure you home is prepared.

- Remove all hoses from outside spigots and store hoses in proper locations. Leaving hoses attached will cause leaks in the spring.
- Check seals around your doors and windows to keep the cool air out and your warm air in! Notice an issue?
 Call our maintenance team and allow us to help!
- During freezing nights, keep both cold and hot water dripping in your sinks and open your cabinets; especially cabinets under sinks and against outside walls.
- Going on a trip? Keep your thermostat set for 68 degrees. This will provide a safe environment to keep all appliances, plumbing, and electric working efficiently in the home. Never set your thermostat below 68 during freezing weather.

INSPECT FOR SUCCESS

Closed doors and windows all winter long cause stale air in the home. Here are some tips to prevent hazards and protect you and your

family. Small steps can increase efficiency, reduce energy consumption, and keep you and your family warm and safe this winter season.

- Change out your air filters every 30-days. Keep the air
 in your home as filtered and clean as possible to reduce
 allergens, increase efficiency, and allows your system to
 heat your home properly and reduce energy bills.
- Replace the batteries in your smoke detector and carbon monoxide detectors every six months. Test the detectors to ensure they are also working properly. Be sure to call maintenance if you feel there are any issues with these products in your home so we can help.

Holiday Decor Guidelines

The holidays are approaching, and we want our residents to stay safe when decorating. We want you to be creative when decorating your home, but please follow the guidelines below to ensure a safe and fun holiday season!

QUESTIONS?

Please contact your Community Office.

- Residents are NOT allowed on roofs for any reason.
- Do not penetrate roofs, siding or fascia with nails, staples, bolts, or screws when installing lighting.
- Use of lighting should be restricted from dawn to dusk.
- Carefully inspect and control ornamental lighting to avoid fire.
- Extension cords are intended for occasional use and should not be used on a permanent or semi-permanent basis inside or outside of your home.
- Decorations can be out thirty days prior to and two weeks after the Christmas/New Year season.
- Self-installed lighting must be used in proper applications and meet safety regulations.
- Outdoor lighting and electrical cords must be Underwriter Laboratory (UL) approved and designed for outdoor use.
- Residents are responsible for any damage and/or liability resulting from the use of ornamental lighting.
- Practice energy conservation and limit the use of ornamental lighting to the evening time.
- Be cautious of tripping hazards, sharp objects and over loading power outlets.
- Use appropriate surge protectors for indoor and outdoor decorations that require a power source.

What's Happening at Campbell Crossing

\$1000 off rent at move-in when you move in to Lee Park of New Drennan by December 1st. Must be an E6 or above, must mention #showmethemoney on application.

Refer a friend and get \$750! Must mention your name at the time of application. Must be a new Campbell Crossing resident, must sign a 12month lease.

Did you know we have homes starting at \$850 and you get to pocket the difference in your BAH?

- Woodlands Residents Thursday December 14th

Directorate of Emergency Services

A Safe and Happy Holiday Season

Duffy L. Sauers (270) 956-2855 duffy.l.sauers.civ@mail.mil

Home and Shopping Safety for the Holiday Season

- On-post residents can request housing security checks while you are gone on vacation.
- Always lock your vehicle! The vast majority of vehicle thefts involve no forced entry because the cars were left unlocked.
- Park in well lit areas when shopping at night.
- Do not leave packages or valuables in plain view;
 secure them in the trunk.

Celebrating the Holiday Season Safely

- Drink carefully and in moderation.
- If hosting, always provide non-alcoholic beverages.
- Always park in a well lit spot.
- Do not leave beverages unattended.
- Do not drink and drive and be aware of those around you on the road.

Blanchfield Army Community Hospital

Holidays: Veterans Day & Thanksgiving

 BACH personnel will observe the upcoming federal holidays Nov. 10 & 23. Therefore, all primary and specialty care services and pharmacies will be closed. The Emergency Center, inpatient services as well as supportive supplementary services will remain open to provide inpatient, acute and emergency medical care.

TRICARE Changes

- Changes are coming to your TRICARE benefit beginning Jan. 1, 2018.
- TRICARE North and South will combine to form TRICARE East.
- A new program, TRICARE Select will replace Standard and Extra both stateside and overseas.
- The best way to prepare is to update information in DEERS, sign up for TRICARE benefit updates, and visit the TRICARE Changes page at www.tricare.mil/changes.

Blanchfield Army Community Hospital

Tobacco Cessation

 The Army Wellness Center, 5662 Screaming Eagle Blvd., offers Ready to Quit every Tuesday from noon to 1 p.m. This briefing educates all TRICARE beneficiaries and DoD civilians about dangers of tobacco and assesses readiness to join the Tobacco Cessation Program. The Tobacco Cessation Program is offered the 1st – 4th Wednesday monthly from noon to 1 p.m. For more information, call (270) 956-0100.

National Diabetes Month

- There are 30 million adults and children who have diabetes in the United States, and 86 million who are pre-diabetic.
- BACH patients who are diabetic can attend classes, which are presented on the first Tuesday and Thursday of each month.
- The classes are three hours and provide information about prevention, maintenance and control of diabetes. Patient's PCM must submit a referral to attend one of the classes.
