Upcoming Events

National Nutrition Month

As part of National Nutrition Month, Blanchfield Army Community Hospital will host a myriad of nutrition education and information events in March aimed at promoting the importance of informed food choices and developing healthy eating and physical activity habits. Join the nutrition team in the Nutrition Care Classroom for Lunch & Learn sessions through the month of March. Check the events section of Blanchfield's Facebook page for more details.

For patrons of the Fort Campbell Commissary, a nutrition station will be available 11 a.m. to 1 p.m. March 13 and 20. Team members from the Nutrition Care Division will offer these "Ask the Dietitian" events, providing valuable resources for making better food choices.

National Brain Injury Awareness Month

Most Traumatic Brain Injuries in the military and in the civilian sector are mild TBIs, also known as concussions. Army Medicine adopted an "Educate, Train, Treat, and Track" strategy to address concussions in 2009 and implemented a garrison concussion management policy in June 2013, which mirrors the DoD's deployed concussion policy. Concussions also affect the rest of the Army Family, including our young people. The Army is working to ensure Army parents are aware of the risks of concussion, understand what a concussion is, and what to do for their children if they've been involved in a potentially concussive event.

Soldiers and Family Members affected by TBI can be confident they will receive the world's finest treatment from our Army medical care community. This is accomplished through our continued collaboration with the Defense and Veterans Brain Injury Center (DVBIC), and sister Services. The DVBIC website (<http://dvbic.dcoe.mil/>) provides beneficiaries and healthcare providers with numerous educational tools and resources about TBI (clinical practice guidelines, patient education, information on chronic traumatic encephalopathy, etc.).

Locally, Blanchfield Army Community Hospital offers an elite traumatic brain injury and psychological health care team through Fort Campbell's Intrepid Spirit. The multi-disciplinary team of providers and staff work collaboratively to offer both modern and ancient practices to help Soldiers return back to duty or greatly improve their function in society. This service is provided on a referral basis from primary care teams.

Sleep Awareness Week

11-17 March is National Sleep Awareness Week. The Army Surgeon General championed the Performance Triad of Sleep, Activity and Nutrition to build resilience, improve readiness and enhance the health of the Army Family. Despite growing research that shows sleep – like physical activity and nutrition – is vital for good health, many people, Soldiers and civilians, adults and children are not getting adequate amounts of sleep. Although individual sleep requirements vary, most adults need seven to eight hours of sleep daily; children and adolescents need even more. Learn more about Performance Triad at <https://p3.amedd.army.mil>

Health and Wellness

Breast Cancer Support Group

Blanchfield Army Community Hospital hosts a Breast Cancer Support Group the third Thursday monthly in the hospital's "A" Building inside the Commander's Classroom from 2 to 3 p.m. The Commander's Classroom is next to the Staff Duty Desk. This support group is open to individuals who have been recently diagnosed or a breast cancer survivor.

Tobacco Cessation

The Army Wellness Center, 5662 Screaming Eagle Blvd., offers "Ready to Quit" every Tuesday from noon to 1 p.m. This briefing educates all TRICARE beneficiaries and DoD civilians about dangers of tobacco and assess readiness to join the Tobacco Cessation Program. The Tobacco Cessation Program is offered the 1st – 4th Wednesday monthly from noon to 1 p.m. For more information, call (270) 956-0100.

Patient Advisory Council

BACH is seeking patients to participate in the Patient Advisory Council. The Patient Advisory Council partners with patients and Family members to improve patient satisfaction, provide patient-centered care, bring patients' needs and concerns to the healthcare team and leadership, guide our priorities and planning for the future, and further enhance our relationship between the hospital and our community. If interested, email david.e.gillespie6.civ@mail.mil or call 270-956-0459.

BACH General Information

Missed Drug Take Back Day?
