*Updated 2018*

The role of the School Liaison Officer is to work in conjunction with Child and Youth Services and the local school community to address educational issues involving military children. Through partnerships with the local and military community, the School Liaison Officer (SLO) uses a variety of resources to provide assistance to our military families and school aged children. The School Liaison Officer acts a communication link between the installation and the surrounding school districts. For more information please contact:

- \* Class Rank
- \* Cumulative Folder
- \* Testing information
- \* Health Records
- \* Birth Certificate
- \* Social Security Card
- \* Guardianship/custody papers
- \* Portfolios

## Free Online Tutoring

CYSS now offers free online tutoring services to Army affiliated students through [www.tutor.com](http://www.tutor.com). Students (military and children of civilian employees) should go to [www.mymilitarysource.com](http://www.mymilitarysource.com) to submit a one time registration to obtain their CYSS passcode. Students can use it from home or from their CYSS Technology Labs. They enter their grade level and the subject in which they need assistance. Educational support is available for Kindergarten-12th grade in math, science, English, and social studies. Once grade and subject are submitted, the student is connected to the first available subject expert tutor in an online classroom. Students and tutors work together in an online classroom using controlled chat and interactive white board. Students can send computer files, such as essays, to the tutor for review and assistance. Tutors are certified teachers, college professors, or graduate students from across the country.

## SOAR

This innovative FREE program makes it easy for parents to play an active role in their children's education. SOAR is designed for Military Families, and is easily accessible worldwide. Students take an assessment aligned to state standards and SOAR directs them to individualized tutorials to improve skills where needed. Parents can monitor their children's progress from anywhere and are provided with resources.
