

Army Family Action Plan (AFAP) is the “Voice” of our Soldiers, Families, Survivors, Retirees, and Department of the Army Civilians across all Army Components to identify, prioritize, and elevate quality of life issues to senior leaders for action and resolution. It is a process that lets Soldiers and Families say what's working and what isn't AND what they think will fix it. AFAP also alerts Commanders and Army leaders to areas of concern that need their attention and it identifies issues of concern to the total Army Family.
