Dear Fort Campbell Community Parents and Guardians of Kindergarten and Pre-Kindergarten students;

For the safety of our smallest riders around our BIG buses; we ask that parents and caregivers physically walk their kindergarten students to the door of the buses each morning, and meet these children at the door of the bus each afternoon.

Our goal is to accomplish a Hand-to-Hand procedure to/from the parent/caregiver to the driver or attendant.

We apologize that the messaging of this procedure may be late, but please understand that this Best Practice is for the safety of these small children who can otherwise quickly disappear from view of the driver or attendant.

See you on the bus,

Christopher Zeitvogel
Student Transportation Officer
