## ACS Family Advocacy Program Celebrated a Successful Domestic Violence Awareness Month

Fort Campbell **Family Advocacy Program (FAP)** is one of the programs offered through Fort Campbell ACS. The goal of FAP is to help Soldiers and their Families recognize and prepare for the unique challenges of military lifestyles. Our services include seminars, workshops, counseling, and intervention to help strengthen the relationships of Army Families.

FAP is dedicated to the prevention of domestic abuse, child abuse, and neglect of Soldiers and their Families by offering education, prompt reporting, investigation, intervention, and treatment.

As a part of our programming, FAP observes October as Domestic Violence Awareness Month (DVAM). In order to raise awareness there were several programs that were started throughout the month.

Purple ribbons were worn all month long, and everyone was encouraged to wear purple on Fridays to raise awareness. FAP partnered with Guenette Arts & Crafts to create online tutorials for purple ribbons, and purple wreaths that could be made by all of our patrons to display at their houses. In a partnership with the Sports & Fitness Office we created the DVAM Run/Walk for the month of October. Sports helped create 3 trails near Shaw PFC that were filled with words of encouragement and information about Domestic Violence.

We set a goal of 10,010,101 steps for the month and asked the entire Fort Campbell community to participate. Employees, Soldiers, Civilians, and Families all submitted their step counts to the Facebook event throughout the month. Blanchfield Army Community Hospital contributed by sponsoring a walk, and the 531st hosted a walk where they made a commitment to know more, speak up, and stand with survivors.

At the end of the month, FAP not only met the goal, but surpassed it with an outstanding number of **12,167,090** steps! As a thank you to everyone who participated, the FAP team gathered at Olive PFC to give away free DVAM t-shirts along with information on ACS programs, toys for kids, and cool sponsor giveaways.

Learn more about ACS and the programs we offer through the ACS Facebook page and on [campbell.armymwr.com](http://campbell.armymwr.com). You can also join the Family Advocacy Program Group on Facebook to stay up to date on all of our programming and learn more about everything we do to support our Fort Campbell community.

## Free Tutoring Available for DoD Civilian Personnel and Dependent Children/Spouses

Tutor.com offers our military a program that provides online tutoring in more than 100 academic subjects from Kindergarten through College 24 hours a day. Recently the program has been expanded to offer support to DoD personnel and their families impacted by COVID-19. Tutoring subjects include math, writing, reading, ELL, science, English, social sciences, history, accounting, finance, nursing, world languages, computer science, study skills, test prep and more.

They also offer Spanish language tutoring for some math, science and social studies subjects designed for native Spanish speakers. Every tutoring session is anonymous and takes place in a secure online classroom.

These services are provided at NO COST to DoD Civilians, Service Members, and their families! Eligible students can access online tutoring from any internet-connected device on-demand 24/7. Once connected, a student and tutor work together anonymously in a secure online classroom, communicating in real-time using text or voice chat, an interactive whiteboard, file sharing, and more.

To get started, visit [www.tutor.com/military](http://www.tutor.com/military) for more information and to create a new account. A browser other than Internet Explorer is recommended to access the site.

Once your account is set up, there are 3 ways to get customized help. You can request a tutor's help right now, schedule a future tutoring session, or upload a document for offline review.

Tutor.com has more than 3,000 tutors who are carefully screened and monitored, subject-matter experts and who must complete a rigorous application process and background check. Tutors include certified teachers, college professors and graduate students from accredited universities, and many are military-affiliated, including military spouses.
