I need a Sponsor

The TASP ensures that Incoming Soldiers are assigned Sponsors prior to reporting to their new installations. Obtaining a Sponsor reduces the stress of reporting to a new unit, enhancing resiliency and improving readiness among Soldiers and Family Members. TASP functionality is available for both Active Component and Reserve TPU.

What is Sponsorship?

The U.S. Army created the Total Army Sponsorship Program (TASP) (Army Regulation 600-8-8, dated 28 June 2019) to assist Soldiers, civilian employees, and Family members during relocation. A Sponsor is someone that provides those relocating with a positive experience, by ensuring that accurate and timely information and basic guidance in the PCS process is readily available.

Why is Sponsorship Important?

“We’re Stronger Together” ...

Sponsorship reaffirms the Army’s commitment to take care of our Soldiers, Civilians and their Families when transitioning between duty stations.

How does the program work?

The program works closely with the Army Community Service (ACS) Relocation Readiness Program, the Installation TASP Liaison and Local Service Agencies. Personnel requests/assign a Sponsor in the Army Career Tracker (ACT) TASP module prior to departing their losing installation for Advance Sponsorship. Many times one will gain an appointed sponsor upon arrival, known as a Reactionary Sponsor.

Sponsorship Training

Face to Face

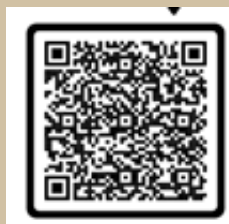

Sponsorship Training (Face to Face) is helpful because this training will afford the Unit and appointed Unit Sponsorship Coordinators (USCs) the benefit of gaining Sponsorship Training in large groups, providing more Certified Sponsors for assignment of sponsorship duties. When the Unit calls to schedule Sponsorship Training they will be advised a Projector, Laptop and internet access is to be provided for classroom training to take place. All other training materials will be provided by Army Community Service. ACS is a training location as an option. ACS would provide equipment and material. Contact an ACS Relocation Readiness Specialist to schedule.

Online Sponsorship Training

The Total Army Sponsorship Program provides trained and available Sponsors equipped with the information and referral resources needed during times of transition. Sponsorship supports readiness by mitigating stress while enhancing unit cohesion, resiliency and esprit de corps. The success of TASP is contingent upon the level of involvement by Commanders and Leaders. This TASP training focuses on the ACT TASP through a streamlined sponsorship process.

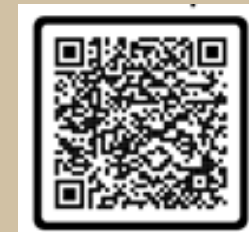

ACT Knowledge Base

The Total Army Sponsorship Program (TASP) is now accessible in Army Career Tracker (ACT) to assist Soldiers, and Officers during the transition to their new installations for assignment. Commanders now have the ability to guarantee the successful assignment of individuals through the streamlined Sponsorship process found only in ACT. The Army Career Tracker (ACT) Knowledge Base provides helpful information on ACT features and functionality. It is structured to mirror the left navigation panel in ACT so that you can quickly and easily find the information you are looking for.
